Biography

Ingmar Schumacher is a Professor of Economics at IPAG Business School. His main research agenda is focused on environmental economics, with emphasis on climate change, migration and endogenous preferences. He holds a Ph.D. in Economics from the University of Louvain, Louvain-la-Neuve, as well as a M.Sc. in Economics from the London School of Economics. Prior to his position at IPAG Business School he worked as an economist for the Central Bank of Luxembourg and held a postdoctoral position at Ecole Polytechnique in Paris. He was also a member of the Liquidity Risk and Monetary Policy Operations Task Force at the ECB. His research has been published in peer-reviewed journals such as *European Economic Review*, *Journal of Environmental Economics and Management*, *American Journal of Agricultural Economics*, *Journal of Economic Dynamics and Control*, and *Oxford Economic Papers*. He is a co-editor of *Environmental & Resource Economics*. He writes at www.ingmarschumacher.com and is an editor at the *Sustainable Future Policy Lab* (www.sfplab.org).
